LJUBLJANA

Ljubljana is the capital of Slovenia and its political, scientific, economic and cultural centre. In Ljubljana the old meets the new in the most charming way.

The first settlement of the area dates 5,000 years back, and Ljubljana has managed to preserve the traces of all periods of its rich history.

The Ljubljana sightseeing tours will be organised on Saturday and Sunday. We will visit all major sights of the old town and you will be able to treat yourself to some of the traditional Slovenian dishes at lunchtime.

The town of Stična is famous for its Cistercian monastery, which is the only of its kind in Slovenia. After visiting the monastery, we will indulge in delicious local cuisine and taste some exquisite Slovenian wine.

4

OTOČEC CASTLE

Otočec, a gem that is rising from the mist of the river Krka, is the only castle on river in the region. Its foundations were laid in the Middle Ages and today's appearance was outlined in the Renaissance. Guided tour with lunch.

5

THE SOURCE OF THE KRKA RIVER

Due to some mild rapids and many smaller natural dams Krka is bound to guarantee pleasure for everyone, regardless of your level of experience. This adventure trip includes lunch.

WINE CELLAR

An afternoon excursion for all wine enthusiasts and gourmets. After visiting a local winery, participants will have the opportunity to try the Kranjska sausage and other local dishes.
